“ Johnny and Billy lost their dad early and Johnny took Billy under his wing. Billy worked with Johnny almost his whole life. Billy was not as hard a worker or as talented as Johnny, but was laid-back and fun loving. But Johnny never gave up on him and Billy became a very loyal employee, friend, and brother thanks to Johnny. Thank you, Johnny, for loving my husband.

“ Today we buried uncle Johnny long. My very first memory is going to spend the night with them when I was 5. Loved his smile and deep laughs. He loved family and fast cars . First time I went to his moms in southeast Atlanta. I was that child who loved going to peoples houses and noticed every detail including bathrooms 🚽. It was a time where indoor bath rooms were evolving into decoration havens compared to outhouses- which I was well acquainted with as a child. . It is important to acknowledge our beginnings and our families that lived to see opportunities develop in 50-60's for us as baby boomers. The love and nurturing from my aunts and uncles will always be a part of who I am . I know this has been a painful long process for Bonnie and Jon 's family. You are loved and prayed for daily in such a time as this Love Cassie , Don and Jonathan

Today, my beautiful cousin, Johnny was put to rest. As a child, he was my hero. Being the first born grandchild, we all knew how special he was. I always looked up to him, and today I look up to his beautiful wife, Bonnie and his wonderful son, Jon. You both did an amazing job taking care of him.

“ John was such a good neighbor to my parents. Every year the day before Thanksgiving he would drop off a Honey Baked ham and fresh turkey to their house to thank them for cutting some of their grass. He was a great friend to my dad, and he will be greatly missed.

“ Johnny took me with him as he was drag racing in Phenix , Alabama. He was working on a drag racing car with a professional driver. The Professoinal was going with us. I thought I was part of the crew. There was on three of us, me the goffer of course. We got up early that Saturday morning got ready and towered the dragster to Phenix City. We got there about noon and rented a hotel room for a quick nap. I could not sleep. Getting up at 4:30 in the afternoon and headed to the track. The professional convinced Johnny for him to drive. Johnny was disappointed but never said a word. The professional lost and we headed back to Atlanta. I thought I was dodo on a stick. Thank You Johnny! I always looked up to you. I think everyone did!

“ Johnny Long gave me my first in residential construction job that influence me to become an architect. Combined my love for art and construction. Bonnie's art and Johnny's construction influenced me. They would babysit on sister Cassie. After seeing the movie Psycho, Johnny poured a pitcher of cold water on Bonnie while she was in the shower. He had a good sense of humor and liked to play pranks. Great memories! Thank You for everything!
