“ Jose and I joined ASA at about the same. I was in Atlanta and he was in savanna it wasn't until he moved to New Hampshire that I got to know him. I was working in the tire division and he was in corporate. Our paths crossed many times as he assisted tire in many projects as well as keeping our personal systems running. He and I were roommates in Las Vegas as he was putting our network together. My sincere condolences to the family. Rest In Peace my friend. You will be missed.

“ I had the pleasure of working with Jose during his many years at ASA. He was always there to help with any technical issues we had. He was definitely part of the ASA family during the years we were all raising our children and building a career. We all missed him when he took ill. My sympathy to his family.

“ I am so sorry for your loss. May God comfort your mourning hearts. I pray that you find comfort in Revelation 21:3-5. This scripture paints a picture of a world that is very different from what we see today. A world with no more sickness, pain or death...and it is not a dream, it is a promise from God. He promises to reverse the effects of death and resurrect your precious one. You will never have to say a painful goodbye ever again!

“ Although we never met Jose, his wife Deborah is our BFF. From what she tells us, he was a devoted man to his family, etc. We know, though, he is in Heaven where there is no suffering and no pain. We are praying for his dear family. We send our love and sympathy. We will meet Jose again, happy and healthy, on the other side, in Heaven, one of these days. God bless you all.....We love you!!

“ Though I did not know Jose as well as I know Deborah... I knew the caliber of man he was because of the wife he chose. I knew he was an amazing man by the way Deborah would speak of him. Though he is no longer with us, his spirit will most certainly live on through his family. Deborah... I love you and I admire the woman that you are... your grace and your strength is that of a GODLY woman.

*Jose was an incredible person and Engineer, that I had the honor to work with at ASA. He always spoke very highly and with loving fondness for his wife and daughters. He was an inspiration for anyone who went through a hard time because of his positive attitude and fortitude. *Remembering when he lost his new eye lense because he was in the hospital pushing his Father-In-Law's wheelchair through a doorway and the IV Pole hit the doorjam and bounced back, poking him in the eye. He told me because I asked why he had a new eye bandage and didn't complain one iota. He was amazing and just concerned that his Father-In-Law was going to be okay. May you always hold him close to your hearts. Gerry (Geraldine) Smith*
