“ Jose was one of my students, just a year ago. I’ve had the privilege to watch him grow into such a wonderful and amazing young man. Jose would always call my name “Harris” when he saw me just to let me know he was there and he still cared enough about me to acknowledge me. He was always joking in his own way just to have something in common with you. His conversations would often repeat but it was because he knew you and he knew what he could joke about with you. His voice filled the hallways. He would even combine my name with other peoples names just to make a joke. He would say “Harrisable”. I will truly miss him at Berkmar High School, you were a great student and an even more incredible human being. We love and miss you, Ms. Harris
