*I have lost one of the best friends I ever had. My friendship lasted with Anthony over 23 years. He helped me through some of the worst times in my life. He also saved me. I have a love for him that only close friends can share. Even after I moved from Ga. I still remained friends with him talking every 2 or 3 months just to catch up. Heaven is a better place for his presence.. Rest easy my friend. Michael Wyatt*

*I never met Dr. Johnson in person, but I had the pleasure of speaking with him whenever I would call in a prescription for one of my patients. He was always so helpful and nice. He went above and beyond to help my patients. I had a deep admiration for his kindness and intelligence. You know you are a special person when someone who has never even seen you cried when she found out you were gone. He truly will be missed.*

*I'm so sorry to hear about Anthony's passing, I just found out about it. My Mama and I use to work with him at Revco years ago. He didn't seem to ever meet a stranger but was nice everyone and everyone use to love to talk with him. . He would even invite you to his church and mama and I had gone a few times and I've set in his Sunday school class, he was very knowledgeable of the word of God. May God continue to wrap his arms around the family and love and comfort them until they see him again. Cender and Ann Hall*

“ *Anthony was my coworker, friend and mentor 30 years ago. I worked at Kmart as a pharmacy technician with him for multiple years then went to pharmacy school and became a pharmacist. Anthony was always encouraging me in school and was helpful to me both professionally and personally. He was an excellent role model for me. I could always count on him to be kind and personable to everyone around him. I remember he constantly talked about Cheyenne and the kids. I also remember his sneaking in a little Hebrew study when it was slow at the pharmacy (when he was attending seminary) and trying to teach me a little. Many good memories. I was stunned to just read of his passing in a local memorial article for 2021. I am so sorry for the whole family.*

“ I have known Anthony & Cheyenne for many years. They are both good hearted people. They have watched Dakota grow up from a preemie- baby to 16 what a miracle Anthony used to tell me. Anthony has helped me to understand meds that I was unsure of. He was like a father and my husband & I could ask him anything. when you walked into the store he always had a smile on and would take time to talk, Cheyenne too. This is now in Gods hands he must need Anthony for a higher purpose. My prayers will always be for Cheyenne and the family to deal and cope with his passing. He is in a better place.

“ I was lucky enough to cross paths with Mr Johnson when I was a pharmacy student. I had two rotations at his pharmacy. I learned so much from him and the pharmacy team about compounding, entrepreneurship, and personalized customer service. It was such a welcoming & family-like atmosphere, which is a testament to his leadership. The Buford community and pharmacy world has lost a great man. My sincere condolences to his family and friends.

“ Anthony was the greatest friend from age 12 to now. He was wise beyond his age. I’m thankful God allowed him to be in my life and gave my back and give me advice throughout the years. I loved him like a brother. My life will be forever changed knowing he is not alive. I’m thankful I know he is in sheaves and one day I will see him again.
