“ *Nana (Aunt Juanita) will be greatly missed. It's been a while since I've gotten to see her, but I love her and will never forget her!*

“ *I will miss you even though it has been a long time since I have seen you. I am told I only have to look in the mirror and I can see you. I will never forget the very first time you and I met. I was so scared walking into a room of relatives I had never seen before. I looked at you and you looked at me--like a stand-off. I finally had found someone that I actually looked like. You were pretty strong and had that commanding appearance. I thought wow I will look like her as I get older even more than now. I have been told by Sister Betty that I have your personality. I am not sure how she meant that but that is fine with me. I told you I loved you at your "big" birthday celebration where everyone came to say Happy Birthday. I mean that. I still love you. May you rest in peace and someday I will again see you in heaven. May God Bless all of the family.*
