“ *Thirty years ago a beautiful smiling face welcomed me to work every day. A kind and gentle woman that I fell for almost immediately. Karen's love of music and wonderful sense of humor made a normally nervous young man comfortable. The awkward overnight camping trip, the Ramones on Halloween, visiting her Mother and her Father's surprise that I owned a torque wrench are only a few of the fond memories I have of my time in her life. I'm sorry I somehow missed her passing, but I continue to think of her often and am a better person for having known her and comforted to know that her spirit lives on in her children. May you find peace in the fact that she brought joy to so many.*

“ *I was Karen's first husband and she, the ex I never stopped loving. I never remarried, though thankfully she found her happiness by doing so and raising a wonderful family. Rest in peace, my beautiful lady. You will always live in my heart, as with those of all whose lives you touched.*

“ Karen was a blessing to all of us at Fisher. Every time I would see her she would be smiling. She always kept a positive attitude never complained..she would always ask me how's your Grandson because Dylan and my Grandson Devyn are the same age. We would share stories about them and laugh the entire time...she will truly be missed. Dylan and Jessie you have a Guardian Angel now to look over and protect you. Your Mother Loved you so very much.

“ I'm so sorry to hear of your loss. My prayers for all of you. Jessica and Dylan, your mother was such a fighter. She loved her family and constantly spoke of all of you. She would display pictures of her children and also your art work for us to enjoy as much as she did.

The loss of a mother is really hard to accept. You have her memories that will always be close to your heart. Memories of good times that all of you spent together. Keep your faith in God and when you are sad, try to smile and know that your mother is looking down on you from heaven above smiling at all of you, because she is no longer in pain and will happily waiting for the wonderful day that she will see all of you again. If there is anything that I can do for any of you please do not hesitate to ask.

“ I have worked with Karen since she started at Fisher. Also our kids were at the same daycare a long time ago. She was such a good kind person. and funny. She was a fighter too. She still wanted to be at work even while going through her illness. She had a positive attitude and was loved by many. She will be missed at our office. My thoughts and prayers go out to you and your family. Keep the memories alive.
