“ *Kay White was a very special gal to me! She was a great friend and mentor. Kay was a great listener and no matter what the topic she could always dig in and talk about it. She always had a shoulder for me ... and her family first and foremost. Kay was way ahead of her time and I loved her for that. And she never had a bad word to say about anyone. She was a lady. I've thought of her many times over the years. Time May March on but when you have good thoughts about people like Kay, those memories stay with you forever. God speed Kay and May the sun forever shine upon your sweet face. Amen. Joey Guynn*
