“ I've known Bro Kenny almost his entire life! I called on his Dad for many years until he passed and Kenny took over. Last week I delivered some upholstery fabric and Kenny and I lifted up the LORD. We talked about his Dad and he said that he would see him soon. AMEN!! Mike Mayo

“ *I met Kenny when I asked him to do the upholstery and top on my 1928 Ford. He did an incredible job at a fair price. It wasn't quite as good as he wanted and he made a trip all the way to Pendergrass to make it perfect. That's the kind of guy he was. At his last car show a few weeks ago we had a great conversation about spending eternity with our Lord and Savior. I am convinced our Lord said, "welcome home my good and faithful servant." Kenny was truly a man of God. Rest in peace my friend and someday I will let you show me around your new home.*

“ I met Kenny while participating in the International Show Car Association World of Wheels in 2010 and 2011. He was very competitive as we competed against each other in the show truck class, but we became friends. I was shocked when I learned he had passed away! So glad Kenny was a Christian. He has finished his race and is now in glory. My prayers and sympathy go out to his wife and family. God Bless you all during this difficult time. Roger Hogan Farmington, MO.

Little Kenny, that's what I called him, and he called me Aunt Patti... he heard my niece, call me that.. so it was a good cut up for us.. I met Kenny in 2016.. I true man of God, and he loved his family, his eyes always lit up like stars when he talked about his wife and his children, grandchildren... Kenny always puts 100% and everything he did.. we appreciate everything Kenny, did to help his tanning salon girls..... we love the Stephens family, and may God wrap his arms around you... those famous pants, I wanted to get a picture, Kenny and his and me and mine-we matched... I could never say enough about Kenny, he was thoughtful. He was kind he was respectful., Yes, I felt like I knew his entire family, just from Kenny talking about how much they mean to him... he worked hard for his family, and harder for God... I have nothing but love and respect.. sending my love and prayers today to the Stephens family

“ He coached a softball team I played on, then when I was able to coach he helped me with a little league team. He preached my mom funeral, and then his family purchased the house I grew up in. I can always go back to and still feel at home. He and his family are very loving folks.

Kenny was one of the most frequent, if not the most frequent shopper of S&S Ace Hardware.

Usually looking for a certain fastener or screw for a project he was working on, he was always quick with a smile, sunny and pleasant. He was universally liked by our entire staff, and one of our all-time favorite customers. He will be missed!
