“ *Its been 48 years since Rod and I became "partners in crime" we laughed, we loved, we experienced the World together, helped each other through the bad times, and cherished the good times.*

Rod and I had a unique bond, a bond of brotherhood, we were inseparable, so much so that people called us "the Crew" wherever you saw one of us, the other was right there too, Rod loved going racing with me on Friday and Saturday nights, whether it be a street race in Shake Rag - Gainesville - Stone Mountain or just going to the drag strip in Commerce, more than that he loved when i would say "hey, lets go get lost" which literally meant to fill the car up, no point of interest, no map, and just cruise the hotrod for hours on back country roads without a care in the World.

Rods wife Janice passed a year and a half ago, and that really took a chunk out of him, this year we were making several plans to go some places and seeing some things he wanted, i was getting one of my hotrods ready to hit the street and a couple tracks with him... my Brother of 48 years is gone...

Its quite a "stop you in your tracks" situation...

To the family, as i have said, if there is anything you guys need, i will do whatever i can... Mom - I am so sorry, and am still at a loss of words for you,

but i am here for anything you need, don't hesitate.

*Rod, we will meet on the other side, and complete the plans we made - in the meantime, you and Janice find Peace, love ya Brother
