“ Gail Stephens.....My first memory of Aunt Lillian is she was always cleaning and she would tie Kathy and me to my little red rocker until the floor was dry. She loved to bake for others and always had cookies, candy or cake for us. Since her birthday is May 13th around Mother's Day we often had picnics in her side yard under the trees and there was plenty of room to run and play with my cousins. She never saw a rose she did not love and taught me many things about gardening. I thought she was so pretty and loved to be there when she was getting ready for a date with Uncle Reuben. They were always fun to be around both young at heart always. I will miss her so much. I love her and know she is in her SAVIOR'S arms!

“ Aunt Lillian was special to me.....She taught me many things like how to polish furniture one of my first memories. She loved cleaning she loved baking and in high school I needed a desert for Home Ec class so I knew who to call. It was my senior year and we were divided in groups of four and dessert was delegated to me. Aunt Lillian was famous for her Chocolate Pound Cake with Caramel Icing. I had had several of these cakes and let me tell you it is over the top. I was nervous but did the best I could that day in the school kitchen. She gave me tips on when to add each ingredient when to test the icing..... more than the recipe told me. Walnuts on top for decorationthe icing turned out perfect and to my surprise Mrs, Grizzle sent me to the office with cake for them and I will always remember that day for sure I could go on and on with memories like letting the chickens out when I was about five..... she chased me all over the back yard She was there at my house in Decatur when I brought my son home from the hospital I am going to miss her until we meet againshe was my second Mom I knew I could ask her anythingshe was also like a big sister just 14 yrs older than meI LOVE HER! I know she loved me too!
