“ I miss you already, your laugh, our talks and visiting you at home. I know you felt my presence at the hospital everyday. Kenia and I were there every chance we had. Holding you. talking to you. You were a fighter and gave this Cancer every thing you had. I remember the second chemo she had. She told me I don't think I can do this? I told her millions of people fight this disease. YOU CAN DO THIS! Knowing in my heart, I could not do what she went through. I loved her like a sister and wanted to encourage her to fight. She fought harder than I or anyone I knew. She had so many Regions family that cared for her. She would only eat Sprouts chicken, I brought it to her house so she could make her Jamaican soup. I know she is in heaven with her Grandma, that she missed. Steve, Justin, and Ryan. I will always be here for you! She was the most unselfish person I knew, and always worried about others. She will be forever in my Heart! RIP Linette, you are at peace, no pain and Rejoicing In God's Kingdom.
