“ Lora r.i.p. Finally free. GOD has your spirit. May you rest in peace alongside my brother Roger . You were a good person funny always telling my father sweet things and I remember you kiss him with that bright lipstick and say who's your favorite daughter in law Roger and of course you were his only daughter in law cuz I only had one brother. ROGER II. You were what made my brother happy. Fly high my sister be with Roger and praise God we will see you both again one day. Until then..

“ You fly high and free my friend and sister in law. You were a torched soul living among us since you lost your soul mate in 2017, my brother. You can now rest and be happy along side him. You both are now together again rejoicing in each other's love. We will all see you both again. With love and for always. Cecilia Quiros Romero

“ *I had the best sister in the world. My sister has the best personality. She was a joker. She like to make people laugh and smile. She loved with all of her heart. I am so thankful for the beautiful memories I have with my sister. They are forever etched in my heart. She like to joke, but she would always be there for me and stand up for me if I ever needed her.*
