“ Crazy how God works! For the past 2 years, I've been riding around with your pictures inserted in my bible, that's in my vehicle. I think of you in the most quiet and profound moments, while riding. I often miss you being here with your handsome self. Then, when I think of how dark this world has become, I find peace in trusting that God's plan for your life was much better than ours. I loved you here on Earth and I love you more now in spirit. Continue to rest in God's presence Loren. I pray that I will see you again on the other side when God sees fit. 🙏👤💛

“ I was a classmate of Loren's at Buford what seems like a lifetime ago. I didn't have the privilege of knowing Loren very well, but I have found myself thinking of him often in recent years. I am incredibly sorry about his passing, and I hope that his memory brings comfort to his family and friends. May blessings be upon him and upon all whose lives he touched.

“ Loren, I miss you so much I would do anything for you to come back but, god did this for a reason and I bet you are great up there in heaven and we all love you so much you were like a brother to me you made me laugh all the time and you always had tackis and we didn't have many great times either. I'll see you in a little while.
