“ *In Loving Memory of My Beautiful Mother*

*There are no words that can truly capture the depth of love and admiration I have for my mom. She was the epitome of grace, kindness, and strength. Her love knew no bounds—whether it was the way she cared for those around her or the warmth she radiated that made everyone feel like family. My mom had an incredible ability to forgive and to bring light into the lives of everyone she met.*

*Her beauty, both inside and out, was something truly special. The way she could make everyone laugh, no matter the circumstance, was a gift that I will forever treasure. Her presence made any room brighter, and her love made everything feel whole. She had a special way of using food to bring people together, cooking with love and making sure no one ever left her home hungry. Every meal was more than just food—it was an expression of love and connection.*

*Not a day goes by that I don't think about her. I miss her more than words can say, and I wish more than anything that she were still here with us. My heart aches, but I find comfort knowing that she's now an angel, watching over me, my siblings, and the rest of the family.*

*Sleep well, my beautiful mother. You will always be in my heart, and I will love you forever.*

“ To us you were not only just a neighbor, you were a friend to my mother and aunt to her children. Your kindness was genuine and you cared for all the children around you, like your very own. Ms Gloria, memories of your dedication to your family, especially your children, is a testament to how they loved and cared for you in return. So it was heartbreaking to learn of her passing. To her children and grandchildren, continue to cherish her beautiful memories that will certainly be of comfort to you all, especially now and the days to come. The Beckford family mourns with you the loss of a beautiful soul.

*Have you rest Ms Gloria, your work on earth is done....sleep on in the blossom of The Almighty.*
