“ *To the Miller family:*

Barbara and Don created an amazing family. You are very special, and so devoted to one another. Don is leaving behind quite a legacy. Don was such a wonderful man, and his accomplishments are amazing. His love for God, country, and family was truly special. You should all be so proud to have called him husband, father, and grandfather. I am honored to have known him, and to have had him as a friend. Don will be dearly missed by so many. He touched so many lives.

I would not have had the honor of knowing Don, if Barbara had not come into my life in 1995. She gave me my start as a teacher that year. Barbara, your devotion to Don and the way you cared for him not only the last ten years, but for fifty five years is so incredible. You always put your family and friends ahead of you. I know because you have been a friend, confidant, advisor, and huge blessing in my life for nearly twenty years now. God Bless you and thank you for your unwavering support of me and so many others. God Bless you! I love you.

*I will be praying for all of you, and thinking of you.
Love,
Becky Davidson*
