“ *I am very sorry to hear the news. We had some great times in Germany, the Little River Canyon, and working the odd jobs at Majik Market and Norrell. I will miss your countless stories that were always interesting, whether they related to work, travel, or relationships.*

Rest easy, my friend.

“ *Please forget our differences and remember the fireworks experiments, sneaking into the back of the NE theater, stealing Mr Brand's eggplants, the professor sandwich, the backyard BBQs, the camp-outs in the 'field', and, oh yeah, the jams. I am going to need a good friend like you to vouch for me!*

“ *It was my pleasure to befriend Marc back in the old Lucent Engineering days. We spent many an afternoon after work on Fridays to solve the problems of the world over a couple beers! Marc my friend, rest in peace, I will see you again someday in heaven!*
