I am so sorry to hear of Maria's passing. I met with her years ago and she was so knowledgeable, helpful and intuitive. People with her talents are hard to find.

“ Hi Maria's Family and Friends. Not sure if anyone will see this but I just learned that Maria is no longer physically on the planet and I have a burning desire to acknowledge her contribution to my life. I met Maria 23 years ago and I was floundering with my health and well being. Maria taught me how to be conscious of my life, my body, my spirit on a level that I could have never imagined. During our quest to get me healthy that first year I went from being an overweight lethargic kid to training for the NYC marathon and along the way running half marathons in 1 hour and 36 minutes!! This means 7 1/2 minute miles for 13 miles. And thus began the next 17 years of our friendship through 9/11 and Maria moving uptown and eventually moving out of state. She was a fierce advocate for my health and well being and over the years also treated many of my friends. I will always love her and she holds a special place in my heart. I'm so grateful to have met her and been influenced by her because I am pretty certain that she is one of a kind. A unicorn of sorts. She always spoke so highly of her family in Spain and kids and grandkids so I send you all lots of warm light and love and joy in letting you know your mom/abuela/grandmother/sister made a difference in my life which has in turn made a difference in my community and my kids. I grieve with you and also celebrate what an awesome contribution Maria has been to the world. Thanks for listening. Love, Love, Love, Love Maria Corbett forever...
Cheers.

“ I have just found out now that Maria has passed. I tried numerous times over the past years to find out where she was, what happened to her. I would have liked so very much to have told her how much she meant to me—that I love her dearly. In many ways, Maria saved my life. I am so sad to hear she is gone from this earth. She will always be in my heart, and I will cherish my memories of her .
