“ I have known Mark since my junior year of high school. As a new kid at school he made me feel welcome. I am sure all of us felt the same when we first met Mark. He was the one with the quickest smile, the kindest words, and a laugh that you would carry the night through. Truly one that would give you the shirt off his back. His friendship is one that would never waver, no matter how long it had been since we had seen each other. Fun remembrances of teenage years, working on our cars, driving to California together for the BIG move, living together at the beach, watching him with Tim and Tori. A father was no more proud. His face would light up speaking of you two. He did find the love of his life in Deanna. This we spoke of many times and could not have been happier. Deanna you touched his heart more than you know. Remember the ones we cherish and love the ones that are here with us on earth. To all of us he touched, it was a touch that will live in all of us. Above all Mark will always be remembered with fondness and love in our hearts. Until we meet again at the "Top Deck"

“ "Krup" as he was known to his friends in the machinery business was special. It was always a pleasure working with Mark and usually fun too. What you saw with Mark was the real deal. He didn't hold back. That is what I always loved about him. I know he is at peace and I can see his smile.

“ Dear Krupa Family,

Mark touched my heart in more ways than I could have ever imagined. I work for one of his distributors in Wisconsin. I was very new to the industry and no one gave me the time of day...except Mark. Over the last two years, Mark has been like a father figure to me. He has offered his advise and wisdom when I needed it most. To state how good of a friend he was to me, instead of flying home to his lovely wife, he stayed up here to come to my wedding. His infectious laugh, his sense of humor, and unwillingness to not give up on someone will be what I carry around for the rest of my life. My favorite memory of Mark was the time that he came to Milwaukee for work. We got done with customers early on a Friday and his flight wasn't for a few hours. So we went to this hole in the wall bar by the airport and proceeded to have a few beers and shoot the breeze. We talked for hours and laughed about everything! Everything from family and friends to (use your imagination). That was the day that he told me to cherish life and prioritize what is important. To Mark, obviously it was his family and his work. My heart goes out to his parents, children, and wife. I will miss you Mark! May you rest in peace.

“ I have known Mark every since he moved to California and went to work at Machinery Sales Company where we worked together for several years. Mark was a very unique, lovable guy who you couldn't help but like immediately. Everyone who has ever known Mark will be devastated to hear that he is no longer with us. You will be missed, my friend.

“ Deanna,
My deepest sympathies to all, I worked with Mark at MC Machinery for the last 6 years but our relationships goes back many years to his early days in California working as a salesman for the Charmilles dealer. He was much more than a business associate, he had become a friend. I saw him last Thursday here in Wood Dale at the office, talked to him very briefly because he was as usual running around like a chicken with its head cut off but I am so very glad I did get to see him one last time. He will be sorely missed as both a friend and a coworker. May he forever rest in peace and God bless you and all of his family.

Sincerely,
Scott and Diane Watton

“ I was Mark's neighbor in California for many years and remember him fondly. He was a warm and fun guy and had an infectious smile and laugh.
