“ *My Aunt Alice was a very talented artist. She always wanted to share her talent with others. She painted, sculpted and drew pieces for everyone, and she never wanted to accept money for them. I remember hanging out with her when I was a child, riding with her in her car listening to music, and going to her apartment. She would bring us to the bank where she worked to show us off to her coworkers. She was always very proud of all her nieces and nephews.*

I will miss her phone calls, and her telling me how beautiful my children are and asking how my hunky husband is doing.

Rest in peace with God in heaven Aunt Alice.
