“ I only knew Matt a short while, but felt like I had known him forever. He was such a bright light in Mandy's life! It was so obvious that they were meant to be. Prayers for his entire family as you learn a new way of life without him.

Dianne Fleeman, lifelong friend of the Osteen family.

I did not know Matt, but what I do know is that I have never seen Mandy's face light up the way it did in photos of the two of them or when their relationship was mentioned . My heart goes out to the Farmer family and to Mandy and the Osteen family. Elaine Ritch- lifelong friend of the Osteens.

I worked several years with Matt in Montana, he was a good guy. You have my deepest sympathy, he went way too young. Everyone liked him here, he was an asset and a positive to a lot of people. He will be missed and I am very sorry.

I did not know Matt but I worked with his father for a few years and Stuart would often speak so lovingly of his family. My heart goes out to Stuart, Debbie and the rest of the family. May your joyful memories of Matt bring you some comfort during this time of grief.

Although I knew him from high school, it was in Whitefish, MT that we became good friends. We had great adventures out there; such fond memories...
