“ *I just found out about my therapist/friend Mike's passing! I tried many times to get in touch with him after he left his office. I am so sorry, he is greatly missed by many! He helped me thru many rough times in my life since I moved here and always with a sincere sense of humor. He was very educated, but all his life lessons came across in a easily understood format. One of my favorite lines from Mike was 'Why do you think you can buy diamond earrings at a gas station? Never going to happen :)'. I'm quite sure my Dad and him have met by now in heaven and are talking about intellectual stuff. Rest in peace, Mike <3*

“ I didn't learn of Mike's passing until a few days ago. It was a blow to me. He and I ran groups for the Children's Center in Gainesville that he and I help create. For a time we were like brothers.

I have missed him greatly over the years. I know he and I both thought it was just a matter of time before we would be close again. We just let time run out.

Mike was a positive powerful spirit in this world and I know that spirit lives in all of us who were touched by him. I remember his ready laugh and will miss it for the rest of my life. A friend, father, brother, son to be proud of.

“ Such fond memories of my childhood as I grew up across the street from Mike and his family. We lost touch over the years. I am heartbroken to hear of his passing. May God comfort his family and friends during this difficult time. My sincerest sympathy to all...

“ *Mike was a mentor and a friend to me both in work as well as play.
Many joyful memories I have and also some wonderful guidance I
received when I was in times of trouble. Mike shared with me that
he looked forward to the day when he could rest from his body. May
his family and friends find comfort and peace as he move forward
on his journey.*

“ Dear Kendyl, dear all in the Campbell family,

we are deeply shocked by the sad news that your dad and our friend Mike has passed away unexpectedly.

We have lost a good friend who was very open-hearted and open-minded, humorous, generous, polite and respectful. We have always appreciated his eloquence, his great knowledge and interest in many things.

Even though we have only spent a short time together, we will always remember these days and keep them in our hearts.

We send you our heartfelt sympathy and pray for you, hoping you will overcome this stroke of fate.

“ *I am so sorry to hear of Mike's passing. although I have not seen him since I left Georgia a few years ago, I remember clearly our many conversations through which I came to appreciate his insights and wit. I always valued the time we were able to spend together. My thoughts are with family now, hoping that the love and generosity he displayed will help family through this time and well into the future.*

“ We are so sad to hear of the untimely death of Mike. Professionally he was a colleague and mentor during the early part of my career. He then became a cherished friend. We didn't get together often, perhaps twice a year, but when we did it was like no time had passed. He was a gifted clinician, true friend and he will be missed. Thank you Mike for making me question, think, analyze and observe. Thank you for traveling all the way to Florida to see Alan and I marry, thank you for coming to our party earlier this year which was the last time I saw you. Rest in peace.
