

## Michael Andrew "Andy" Ingram

July 9, 1978 - October 3, 2025

With heavy hearts, we share the passing of Andy Ingram, age 47, of Oakwood, Georgia on October 3rd, 2025.

Andy grew up in Buford, Georgia and attended Buford High school. After completing his secondary education at Lanier Tech, he was hired to work at Roper Pump Company in Commerce, Georgia where he worked for 24 years as an Engineer. Andy was dedicated to his work and was a patent holder on several Roper Pump innovations.

Andy was a friend, a loving son, and a proud father. He enjoyed fishing and golfing, listening to music and the occasional Pearl Jam concert. He is survived by his son, Matthew Ingram; his mom Cindy Ingram, sisters Leah Ingram and Stefanie Gish. Andy is reunited with his father, Michael Ingram; his grandparents, Clifford and Eva Ingram, and Lee and Pat Boger.

The family will receive guests on Thursday, October 9th from 4-8pm at Flanigan's Funeral home in Buford, Ga.

“ I first met Andy when he started working at Roper as a draftsman. I could see he had great talent and was a quick learner. He progressed quickly and became a technical, go-to resource person to the company. He was always available and willing to help out. Everyone he interacted with liked him. We became close friends at work and outside. I was with him through good times and bad. I'm really going to miss him and his sense of humor. Until we meet again, may God hold you in the palm of His hand.

“ I met Andy 7 years ago when I started at Roper. He was a wealth of knowledge that helped me understand our business and parts. He was always my go to if I had questions. Beyond that I will always remember the pranks...how that man kept a straight face with the pranks he played is beyond me.

Finally his love of family! Matt he was so proud of you and I loved seeing the pride he had showing videos of your football or lacrosse games. His passing is leaving a hole in everyone who knew him heart. Prayers for piece and comfort.

“ I was Andy's school bus driver during his high school years. Andy, along with a couple other boys, we're always into something mischievous on the bus. This one particular day we had snow and school closed early. I took 6-12 grades home and returned later with K-5. Once I got to the bottom of the hill and backed up to turn around then stopped to open the door to release the younger children....up popped Andy and these other 2 boys from over the hill on my door side of the bus. The 3 boys had been making snowballs while waiting on my return. Every time I opened that door they would throw snowballs inside the bus. It didn't seem to funny at the time while trying to let the children off to go home, but it has always been a story I've remembered from my earliest years of driving. Those boys always had some shenanigans going on. Godspeed Andy and prayers for the sisters and the rest of the family.

“ Andy was a coworker, mentor, friend, and a brother to me. He was always there to answer my questions whether they be personal or professional. I could always count on an honest answer.

Out of all the things I have learned from him, the one thing I will never forget is this: It is better to try and fail than to not try at all. It is OK to fail... it's about how you respond next.

I will miss our inside jokes, story times, breaking things, building equipment together, & most of all our daily jam sessions. I cannot express how thankful I am to call you a friend.

Rest Easy Nard Dog, I'll see you on the other side. Love you brother.

“ Andy was a brother and a son to me. He was a kind soul. We had some great memories at Roper. The day that I retired he and I hugged each other with tears in both our eyes we told each other that I love you and will miss working together. I always grew pepper in my garden and brought them to Andy at work. I am truly going to miss you my son. May you rest in peace. Love you brother.
