“ *I'm so sorry over the loss of Mimi. I am just finding out about her passing but I wanted to make sure I put into words of how I felt about Mimi.*

When I decided to work in recovery Mimi gave me my first job at Ridgeview.

I had little to no experience working in the field but I was in Recovery and wanted to help others.

Mimi took me under her wing, guided me and supported me during my struggles. I learned so much from Mimi. Not only about recovery but about life in general.

When I left Ridgeview to return to Broadcasting I stayed in touch and made it a point to call and/or visit with Mimi on a regular basis.

Mimi was a special person who touched the lives of many. Anyone I knew who ever came in contact with Mimi spoke of her in glowing terms.

I believe Mimi was an earth angel sent from above and was certainly a blessing to me and many others.

Even though we did slightly lose contact with each other I never forgot what she meant to me and what a blessing she was.

Rest well Angel

“ Mimi was my hero and mentor as well as a co-worker at Devereux and my boss at Ridgeview. She talked me into coming to Ridgeview and has fullheartedly supported me ever since. I didn't need a lot of contact with Mimi to know she was there. When it really mattered, she was there in full force. She was the one person I felt I could always go to with my frustrations and concerns. If she could, she would "take care of things." She was kind and sensitive but also assertive and strong. We always talked about family when we met throughout the year. We loved talking about our kids and grandkids. I guess we spoke more about our grandkids than anything. I met Brenden and his wife at the Memorial Service and I can see why she was so proud of him and loved her daughter in law so much. Brenden has her sensitivity in a masculine way. He is and always will be a great husband and father because of it. I felt an instant connection and protection towards Brenden. He is a great son. It was so ironic that Brenden is in the field my own son wants to go into. That just made me feel more of a connection to him. Jim is a lovable hoot too. My thoughts and prayers are with your family always. Respectfully, Lora Malone

“ Mimi was my supervisor at Ridgeview before I moved to California a year ago. I just found out about her passing and wanted to send my condolences. I recall a time several years ago when I told Mimi about my grandmother who was dying of the same cancer that took her life and without hesitation she said, "Give me her number, I'll call her and offer some words of encouragement." My Grandmother never had the chance to call Mimi back and ultimately lost her life but that gesture alone really touched my heart. It was that moment that I considered Mimi more than a supervisor. But also a friend. My thoughts and prayers are with you all through this trying time. May she rest in paradise.

“ Just wanted to say to the family that Mimi was an angel put here on this earth. Her beauty was inside and out. She watched over us as if she was our mother, so i can imagine how you feel. She will truly be missed. My love and prayers go out to you all.

“ Brendan, what a wonderful Mother God gave to you. She lives on, within you. You will always carry her with you because Mothers do not go away. She loved you so much. Everything she did she thought first of you. She was dynamic spirit. Her smile could light up and change a room. She was so loved here at Ridgeview and to anyone who knew her. I will remember her always and try to live up view of life. What a joy she was!!! If you need help with anything, email me. I have 3 strapping boys who work out. Love you Brendan!

“ *I have known Mimi for over 26 years. She was responsible for my getting started on my current career path. She taught me so much. She taught me to be assertive. My love and respect for her is enormous. She was like a quite storm. When she spoke, though soft and caring, it was obvious she wasn't a push over. She was a brilliant leader and friend. One day I was in need of a job. I had just been laid off. I called Mimi from my father's home and told her my situation which included having a two year old and being out of work. The next Monday I was told to present myself to an overnight nurse manager by the name of Michelle. I started working right away. I am glad I had the opportunity to thank her for what she did on that day. She immediately restored hope. Restoring hope I believe was her specialty. So many people can share and tell stories about Mimi and how she could speak and hope would manifest. She had a way with words and they were always uplifting. She could speak hope while battling feelings of hopelessness herself. She once asked me to pray for her. Well, strange enough I was talking to her seeking guidance. I will miss her being around and checking in with me to see how my boys were doing. Through the years it became a known fact that Mimi and I "Go a long way back!" The memories of Anchor and Ridgeview all hold significant periods and life changing events that Mimi was a part of. She played a significant role in my life. I will miss her greatly.*
