“ *I was so sorry to hear about Nanna as she was a very special person in which I am honored to have known. From the passing first interview for child care, she made you part of her family and touched our lives tremendously. She was a very loving, kind and selfless soul who shared all she had with those she loved. We will miss her very much and especially her jambalaya.*

She will always have a special place in my heart which is full of fond memories and I will miss her smiles. We will be keeping her and family in our thoughts and prayers!

“ *Although I didn't know this wonderful lady long her warmth and tenacity showed through at our first meeting. I wanted to hug her she reminded me of my gma. She was sharp and kind and had a get it done attitude. Even when she wasn't feeling well she always came out to give me a warm hello. Sorry She didn't get to see me finish my job, I hope she's smiling down and I'm thankful no matter how short of time I got to meet her. Rest well nana.*
