“ I was only fortunate to know Norma and Bob when Bryan met and married Linda . I can remember going to their home in Arizona for vacation when my sister and I were only 17 with Bryan, Linda and our mom and Norma and Bob were the most gracious hosts. We had the best time with them that I will never forget. She , throughout the years, has become like an extra family member during the holidays and during there visits. Norma was so kind and caring. Always being the one to see our Facebook posts and telling Linda what was going on with us in Tennessee . She will be greatly missed and forever loved! Rest in peace Norma . 🙏 prayers for comfort and peace for the family.... Love you!

“ I have so many memories, I was lucky enough to be able to spend my childhood going to her house after school everyday and school breaks. I remember helping dust the dining room table, listening to Lionel richie and dancing, watching her "shows" with her, and of course Christmas cookies. I still can't do sugar cookies like her. I am so grateful my own granddaughter got to know her and have memories of her great great grandma. She showed me the kind of grandma i want to be to my grandbabies. Heaven definitely got a perfect angel.

“ There's so many memories...I remember being there everyday after school and on school breaks. Helping dust under the dining room table, listening to her Lionel richie tape, watching her "shows" with her, making Christmas cookies. I still can't do the sugar cookies like her. I am so blessed to have had such a wonderful grandma amd to be able to have had my childhood with her, to have my own granddaughter know her and be able to remember her. Heaven has truly gained a beautiful angel!
