“ *Ottie was a great friend of mine
We spent a lot of time together before he passed
I use to love the stories he told
Like the one of a family members dog that waited in the same spot
for them to return from the war
He told me the real story behind how the graves were removed from
lake lanier and trust me its not the way the army corp says he had
photographed proof
There is a hand stitched confederate battle flag hanging in my room
that he gave me was a family heirloom of his that will never see the
outside ever again
I can still remember him falling asleep in the recliner in my living
room and waking up the next morning saying it was the most
comfortable thing he had ever slept on
We use to go trout fishing in the mountains together
If I was bored ottie was always ready to go on an adventure with me
He was a great friend that was more like a brother than anyone else
will ever understand*
