“ *So many marvelous conversations with Babi a/k/a The General. She was a lady that would shoot from the hip with truth; and bandage you up later. ((LOL!)) So many great conversations we had talking about everything. She was a great counselor and listener, something I valued in the time we worked together at AGG. When I left AGG, she gave me her blessing and after another one of her pep talks, we embraced. I'm still in disbelief ... Be that as it may, you have my deepest condolences.*

“ Tim and I are heartbroken to hear of Babi's passing. She was our fairy godmother and matchmaker. She was part of our lives for over 20 years and an unfailing source of love, wisdom and support. She was the most authentic and devoted friend and we were blessed to have known her and loved her.

“ In the 13 years that I have known Babi, we became close friends, almost like sisters. She had a warm, funny, compassionate personality that I will miss so much.

Where ever she went, she was a bright light. Always offering assistance to anyone needing help.

I know she has transitioned into the next wonderful dimension, and will be there to welcome us all, when our time comes. RIP Babi, and know that you are loved.

“ *Babi will be missed. We have had many wonderful chats over the years. She was so much fun. We would laugh and joke and tell each other stories. I love to travel and Babi always told me that if I ever went to the Arctic Circle, she wanted to go with me. IF I ever go, Babi - I'll think of you every day I'm there and will wish you could have gone with me.*

“ Babi was such a kind and intelligent woman. In the short time I worked with Babi at AGG, she was a great resource for "unofficial" financial counseling, politics and travel. She was an excellent storyteller and I loved hearing about all of her life experiences. I am going to miss the long chats. Rest well Babi.

“ Dear Elga, I worked with you mom for many years at AGG, and we even carpooled together. She always played beautiful CDs while commuting, and we had some terrific and interesting conversations. I was shocked when I learned of her passing as I just saw her the end of June while visiting at AGG. Now I am so happy and thankful I did. I am so so sorry for your loss. She was a wonderful, strong woman and I listened to her advice always. Hugs to you. Debbie Edgar, Palm Coast, FL

“ *When I learned of Babi's passing, my heart just dropped. What a remarkable woman and what a blessing to have known her for the past 16 years. I loved making Babi laugh! That laugh would just fill a room and sometimes I wouldn't even have to say anything and she would laugh. Such a joyful person! We loved talking about music and she would always suggest wonderful pieces of music for my son to listen to and loved to hear him sing. My prayers and thoughts are with the family right now. Babi, we love you and will miss you dearly but know that our paths will cross again. Until then, keep smiling with that beautiful smile and please make sure your wings are put on the bottom shelf so you can reach them! :-)* I hear her laughing again. Rest in peace and love my friend. “ Words cannot express how sad I am at Babi's passing. From the first day I met Babi here at AGG I always enjoyed our conversations and she really made me laugh. Babi had a lot of life in her and was a wonderful person to be around. The one thing I will always remember was Babi telling me is that my birthday is the same day as her daughter. My heart and thoughts go out to the family. Babi rest in peace.
