“ My deepest sympathies to Adam, Lindsey, and to the family and friends of Paul Luce. My friendship with Paul began in the 1980s when he worked for the BASF Corporation. Our friendship grew over the years even as our careers took us in different paths serving in agribusiness. Upon my retirement, Paul offered me a sales consulting role with his company and I gladly accepted. It has been wonderful working with Paul and Adam for the past 10 plus years. I Will always be grateful for the kindness and compassion Paul extended to me during my wife’s illness and her passing. Paul was a dear friend and colleague for over 40 years. I will miss him greatly.

“ Paul loved his family more than anything. He also loved reminiscing and telling a story. He always had a smile and gentle voice. Paul you will be remembered when we look at the lake, at birds flying over and flowers growing in the garden. Rest in peace our dear friend.
