“*Pauline, one of my most favorite residents at Lanier village, will be very missed on my way to work I was always thinking how excited I was to see her. She always brought a smile on my face. Her strong will and sweet smile brought me joy while I was at work. I introduced her to filters on Snapchat, and we would sit side-by-side as we laughed seeing ourselves in various filters, her favorite was when I put a filter on that made her look like a puppy. She was tickled by that. I wish I met her sooner. I enjoyed caring for her, I would admire her paintings in her room, and also me being a beautician I loved having the chance to be able to pamper her, knowing with all my heart, she probably put a lot of love and care when she used to be a beautician.. God bless you Pauline I love you.,
