“ *Fred,*
It is with great sadness that I say goodbye to Phoebe. She always made me laugh. We have the same sense of humor and "unique" way of looking at what is going on around us. There are so many people that will miss her at our office. She brightened our days.

It is a sad journey you travel now, but please know that you are in the hearts and prayers of so many people.

*God Bless,
Linda Frix*
