“ *When I joined Mars, at the Waco factory, I had the pleasure of supporting several projects that Ravi was leading from a controls & digital innovation perspective. His passion and attention to detail was unparalleled and extremely contagious. I will always be thankful for the relationship that I had with Ravi, and I am certain that I benefited from his mentorship in ways that he never knew.*

I am terribly sorry for your loss and hope that you find peace in knowing that Ravi touched many lives and in countless ways!
