“ *Becky was one of my brightest students in high school. She was active in many school functions. She remained a friend throughout life and even took care of my boys as a babysitter. I admired her work as a caring nurse. She will be sorely missed and I pray for her sons.*

Becky was SO loved by her coworkers and mostly by those patients she was entrusted with as they walked home. Our hearts at Agape are truly broken by Becky's absence. What a gift to this world Becky was!

My friend Becky was the best RN ever. Becky was compassionate, eager to help and share information. Becky taught me so much. I was expecting to see her on that Monday but she didn't show. My heart is ripped apart. She taught me so much. I truly miss her and I hope to know about her arrangements.

We lost a wonderful nurse and friend at Agape Hospice. Becky was one of the fiercest patient advocates that I have ever had the pleasure to work with. She always put her patients first. She has left a huge hole at Agape, and we are so thankful to have worked along side of her.

Becky was a wonderful nurse and her patients loved her. As her former manager I could always count on Becky to show up for patients and even take on additional assignments without complaints. Her willingness to train new employees was invaluable! She also had some of the best snacks when she came into the office. I will miss her smiling face
