*"In loving memory of Becky Wylie."*

*My thoughts and prayers are with you and your family during this difficult time. Becky was a great mentor to me in my early years at the CDC. I had tried to get in touch with her in recent months but sadly never found the correct phone number to reach her. I am eternally grateful to her for mentoring and supporting me early in my career. May her loved ones find comfort in knowing she touched many lives in a profound and rewarding way.*
