“ *I've known Rhett since I was 14, about 1978. We could go years without talking n run into each other and it was just like we had never been apart.  
My Granny Savage lives in an old house, so old the electrical wiring was cloth. I think there were 2 breakers in her box.  
I went to see her one night n when I opened the door she was eating dinner with a flash light. I asked her what happened, she said she didn't know, the power just quit  
I call my trusted electrician.  
Rhett cam.n looked at it, I asked him what was wrong, he looked at me n said "Oh Boy"..He said he could fix it but he would have to go to someone's house n get the part. Granny said well as long as it's not over \$50  
That's all I got.  
Long story short I'm an hour my Granny turned her flash light off and watch Rhett her in his truck while she was trying to pay him. He never said another word about it. He did it for the right reason. To help a little old lady that was I'm the dark. That's just one of the many reasons I will miss my dear friend.*
