“ *My dear Rhonda such a good friend. She had such a big heart and she gave that love to each person she meet. Her smile lit up a room, made you feel like the sun was your soul. I know your at peace now and you will be truly missed. But I know one day we will meet again at the river. I Love you wish you was still here but our Savior needed another angel. I know now you are resting and are at peace . Love ya girl. My love and prayers to family God bless you all. Phylliss Hopper*
