“ Very sorry to hear this sad news. I was a classmate of Bobby's in junior high and high school at Mark Smith. And although we were not close friends I always enjoyed his most pleasant friendly way and positive disposition. In short, Bobby made our collective high school experience at Mark Smith better for all.....just a good guy by any standard.

“ So sorry to hear of Bobby's passing. We were fraternity brothers in high school in Delta Beta Lamda and both went to GA College together. We met in Macon in 1965 when we were the first 10th grade class in what was a brand new high school, Mark Smith (now Northside). In 1968 we were the first ever Georgia College freshman class that included males. GC had been an all female college since it was founded. We were the best of friends living in the same dormitory for our freshman year. We travelled back and forth frequently together to see our families in Macon. Lost track of each other after college, but both of us ended up in Atlanta. Deepest sympathies for one of the nicest people I have ever known. Carl JC Yaun

“ God's peace, Lori. I had the great pleasure of knowing and working with Bobby at DCA for many years. He had a great love of folk art and strange artifacts, and I loved that about him. We also talked about MS a lot, since my wife also has the disease. He was greatly respected and often consulted with confidence on his knowledge of State law and processes. He was a pleasure to work with, and I will always remember him as a friend. -John Bassett

“ Lori, Bobby was an incredible human being. I've never known a more loyal person. I enjoyed working with him at DCA and had the greatest admiration for him. I'm so sorry for the health struggles he experienced for the last years. I am so sorry for your loss.
