“ *Gail, we were very surprised and saddened to hear of Bob's passing. When Bob and I worked at Ross, I always enjoyed our discussions, since they almost always ended in recollections of our younger days growing up in Warwick. Bob always brought a high level of interest and fun to our projects, often despite the circumstances.*

He will be missed.

You and Bob and Dormer family will always be in our prayers.

“ I am so sorry to hear about Bob's passing. I worked with Bob for years at Abbott, and then when the Merial facility in Gainesville needed an engineer, I had immediately recommended Bob. I regret that I lost track of Bob after I retired from Merial. Bob was a great engineer and a great man. I share in your loss.
