“ *My deepest sympathies go out to Joan, Bill, Amy, his children and the rest of Bob's extended family. For several years Bob was my roommate at Georgia Tech... Despite that fact, he became one of my closest friends. During those times he provided me (along with Greg Henley and many others) with a tremendous number of escapades to forever remember him with. Many of you that knew him during the late 70's & early 80's will remember his humor and adventuresome spirit. Hopefully you would also have known the degree of his intelligence and creativeness. Unfortunately, life took us in different directions, and we didn't see each other as much as we should have after we left Tech. The last time I saw Bob was at his Dad's funeral... and once again, life took us in different directions. Looking back at it now, it was a missed opportunity for both of us. Rest in peace my dear friend...*
