“ Bobby will forever remain in our hearts and memories.

I will never forget Bobby helping fix my family's car and people in the neighborhood.

He did everything with a smile on his face.

He told my husband about a black cat he found and he started feeding the cat later to find out it was a black panther.

He had many stories to tell he talked about the time he got bit by spiders which later he discovered bumps on his stomach which he healed from.

We will always be family he was my neighbor my friend and my brother and my kids called him uncle Bobby. You don't always have to be blood related to be family and he was definitely our family.

We love you and your family forever Bobby until we meet again.

Rest well Bobby
