“ I known Mr. Higgs as a PT that will pick up his Prescription at Publix Pharmacy. It was a pleasure to service him, he would crack a joke and called me curly which I'm bold head. One joke he would make that he didn't need any light my bold can shine the light on things, we would laugh. One thing he would say life is too short to not laugh and have fun. I would crack jokes on him as well. He one of the reason why I look forward to going to work and giving my best as a Pharmacy Technician. My condolences goes out to the family he surly going to be missed he made his mark here on this earth and now he's in paradise with our Lord and Savior Jesus Christ. May God Bless the Family.
