“ *To the Williams family:*

Our deepest thoughts and prayers are with you and friends. I have worked with Mr. Williams' daughter, Denise Austin, for much of the last seven years, and Decklin Austin has helped my son become a better athlete.

We are very sorry for this loss for the family and hope that you will find peace and strength in your faith and memories. Please let us know if you need anything at all in the weeks and months ahead.

Like Mr. Williams, I was born in New York City -- Queens -- and went to high school not far from West Babylon High School. (My dad went to St. John's Univ. and worked for an engineering firm in Manhattan and Houston -- M.W. Kellogg, now in Halliburton -- that I believe designed a refinery and other facilities for Aramco.)

With deepest sympathy and love, Frank and Austin May
