“ It was with great sadness I read of Rose's passing this morning. While it has been 20 years since I ran into her one day, accidentally, I will always remember Rose as a super person to work with. We were "fellow" supervisors and I always got a kick out of her quite ways, reserved since of humor, most of the time, and her willingness to help. My sincere condolences to Rose's family during this most difficult time and my wishes for them to simply remember the good times as that is what will keep her with us all. May God Bless all of you.

“ Will keep the family in my prayers. I knew Rose, and her daughter Becky, both from SA. May the Lord comfort and give all of her family members strength in this time of loss.

“ *Rose was my supervisor at Scientific Atlanta. She was always so nice and kind to everyone. She was so patient while teaching employees with their job duties. I considered her a personal friend. She always had a sweet smile and kind word to and for everyone. I told her once, that I knew why her mom name her rose. Because of her sweet smile. She was pretty as a fragrant rose. I know she will be missed by her family.*
