“ *Ryan was number one singles on the Gainesville High School Varsity Tennis Team for three years and led his team to Regional Championships in 2009 and 2011 and to strong showings in the State Championships from 2008 through 2011. I watched nearly all of his matches during his four years on the team. He was very well liked by and supportive of all his teammates. His own play was characterized by strong fundamentals and athletic prowess, great intensity and effort, unusually strong perceptiveness and adaptability, and outstanding strategic skills. He never beat himself by dwelling on past points but learned from them and always improved during this matches. His sportsmanship was impeccable, and he very seldom lost. He was honored by the Gainesville Times as its All-Area Tennis Boys Player of the Year for 2009. At BSA Troop 16 in Gainesville he was an adept learner and a positive contributor in my Canoeing and Whitewater Merit Badge classes and river trips and also went with me on troop three and four day trips on the Green Trail in the Okefenokee and on the troop's Spring vacation camping trip to the Silver River State Park in Florida, where we enjoyed day trips on several of Florida's most beautiful spring-fed rivers among a host of manatees and monkeys and a myriad of other wildlife. Ryan was fun-loving, well-liked and supportive of his fellow scouts and a positive participant in all activities. He was truly an outstanding young man whom I will always remember with great fondness.*

“ Our family is deeply saddened by the passing of Ryan Joiner, a kind and passionate young man of great courage, and a true warrior for mental health. We were so fortunate to have known Ryan and his wonderful family through NAMI Hall County. Jane and Bob have been a major resource on mental health and a source of strength for us and our son. Ryan will be greatly missed but his legacy will live on.

Our love and condolences to Bob, Jane and Lauren and to the many lives their son has touched.
