“ *I wish I could have one dollar for each and every game of Yahtzee and Skip Bo that Sally and I played together. A dollar would not even begin to cover the laughs and fun that we would have playing games. I was always excited and so happy when I knew Sally was coming to Dothan to visit. Life will never be the same for me. I loved Sally and I will miss her immeasurably. I watched her service today with tears rolling down my face. I would have been thrown out of the funeral parlor for making a disturbance had I been there in person. Sally, save a place for me at "your table". I will bring the Yahtzee game.*

*With Love and Eternal Gratitude for being my good friend for the past 25 years, Weez.*

“ I will miss Sally so much...she was always my second mother and was there for me through my whole life. Her and my mother were quite a force together and I don't remember a time when she wasn't in my life. I am so grateful for the time we got to spend together doing the things she loved and talking about old times...I love you Sally☐

Porter Family,  
My condolences!!! I new Sally a short time through my old roommate Adrienne Bowman you are both beautiful women... I remember when Sally was heavy and when the next time I saw her she was slender and more beautiful, when she and Donna brought food over during covid with love... Adrienne would come home and tell me what a great lady you were Sally, and the games you would play especially Mexican train she had the best time with you ever.. May you forever rest in peace 🙏

“ I met Sally in August of 1989. I had just been hired at Allied Signal Friction Materials and she was the health and safety representative at that time. We quickly became friends and we also realized just how many other mutual friends we shared too! Sally was always upbeat and full of life, which was a ray of sunshine at our jobs! Lord knows, she will be missed by everyone who knew and loved her! Until we meet again, rest in peace sweetie!

“ Sally was our next-door neighbor in San Diego around 1974-76 when Carl was in the Navy. We had just had our first baby and I was clueless so she was a godsend with helping me learn how to be a mom. We saw her, Donna and Bubba almost every day. We were both really pinching pennies so we shared food and lots of fun visits. I remember one time I got word of a field of tomatoes up the coast a little ways that were free for the picking. We loaded up our car and the kids and lots of boxes and brought home LOTS and LOTS of free tomatoes! Then we worked together in my kitchen the next day to bottle them all...they lasted us all through the winter that year. Another memory - she loved turquoise jewelry and once she bought a really pretty ring that was silver with turquoise. She lost it later, and was heartbroken so she went back and bought another identical one. A year or two later when they were packing up to move back to Florida, she found the original one in a drawer. She brought it over to show me she was soooo happy she found it...and then she handed it to me as a goodbye gift! It has been on my finger ever since, and always brings a smile when I look at it and remember her.

“ *Sally was our neighbor on Dewitt St. in Panama City, FL. We went to school together, rode the bus together, played kick the can in the street and swam in Watson Bayou together. Always fun and loving.*
