“ My uncle was more than just a uncle he was there for me since I was born. My uncle was my godfather and a father figure to me . I was like his practice daughter especially he had no children at the time. He saw my first steps ,my first day at school ,every cry and every tantrum. He was always so patient with me. I remember it was my third birthday and I remember him and my grandpa danced with me that night until I passed out. Oh what I would do to just relive those memories just one more time.
I miss you , you and my dad were supposed to walk me down the aisle at my wedding.
Rest now tio you've worked way too hard all these years rest now we'll see you soon I love you.

“ I am deeply heartbroken by your passing. You were more than a dad to me you were truly a father in every way that mattered. You loved, guided, and supported me through life, and for that I will always be grateful. Thank you for everything you did for me, for every lesson, every sacrifice, and every moment of love you gave so generously.

Your absence leaves a deep hole in my heart that no one can ever fill. I will miss you every single day, and I will carry your memory with me always. Though you are gone, the love you shared and the example you set will live on in me forever.

Rest in peace, Dad. I will never forget you.
