“ *Dearest Wendy, Doug and Brian.*

I am so very sad to hear of Steve's passing. I know how difficult this is for you and all the family.

Dr. BOB died on November 25 after 11 years of parkinsons and last 5 years of Parkinson's dementia. That is why I did not get back with a letter, I took care of him, as I know you did Steve. Now they can meet in heaven.

Please get back in touch, I care about us.

Debby Schurdak.

“ Wendy:

Gwen and I are so sorry to hear the news. Steve was definitely one of my favorite partners on Monday and Friday mornings at Apple Mountain, and I'd delight in teasing him about his affinity for Ohio State and how he and Pom Sinnock towered over me! I know how much he enjoyed being out there with us, and will treasure his funny stories and infectious laughter, and particularly his fondness for pointing out my bad shots. I hope he gets to play often and play well with the others of our group who have also passed on. I can only imagine the fun they're having. Thoughts and prayers to you and your family in this time. -- Mark and Gwen Aumann
