“ Sorry to hear this Jeremy. I remember her coming to Flowery Branch elementary school when we were kids doing the reenactments of the Civil War. Sounds like she was a great momma. Prayers for the family.

*Sending my love and prayers to Susan's family. She was a very special person to me in our younger years. I loved her and she loved me. Our children were very close in age. We were family by marriage. I think of her often and will always miss her.*

“ I have fond memories of cooking on the campfires and watching our young'uns running around the tents, especially in the mornings. It truly felt like another era, and I'm glad to have shared that experience with you. Rest in peace now, Susan.

“ You started my Barbie collection when I was little. My parents had to end up throwing out 1000 Barbies because of how many I ended up having. You'd help me design clothes for them. We'd use whatever type of material we'd come across, even napkins and straw paper. I'll miss you so much. I love you granny.
