You fought a hard battle for several years and even on your last day in this life you were trying to make everything ok for us. I'm so happy that your pain and suffering has stopped and you are living among the angels. You will never be forgotten. I love you mama.*

“ *Mama,
You’re my world and best friend. I don’t know how I’m going to live this life without you but I know you are in a better place now. I will miss you and I will honor your wishes. I will always remember the special times we had together and all of our inside jokes. You were the glue that held our family together. We are okay because you taught us that you always have to have faith. So you can go visit Granny, Paw Paw, Betsy, Donna and Coco.*

*I love you,
Tanya*

“ *Nanny, you were not only my grandmother but also my best friend. I don’t know how I’m going to live life without you, but I promise I will try my best to be as strong as you were. I knew I could always count on you in any situation. You were the sweetest, most hard-working, and selfless person I knew. I will never stop chasing my dreams and making you proud. Thank you so much for all that you’ve done for me my whole life. I hope you know how much I value our time together and will cherish our memories. I’m going to miss you more than you know, but I’m glad you’re at peace.*
