“ *Sorry, I lost my original feed. I have so many wonderful memories of Tom in high school and college. He was such a great artist. I used to have him do my art history drawings for me! He also kindled a lifelong love of muscle cars in me with his vast knowledge of motors and all things mechanical. He and I spent countless hours in our garages tinkering with our cars! I always hoped that I would cross paths with Tom again because he was such a huge part of the fun times I had in high school and college. He had a great spirit about him and I will miss him! You are in my prayers. Rich Falter*
