“ Todd was a friend and neighbor who grew up on the same street as I did. West 71 place in Hialeah florida. My my bike frame broke he welded together for me. Later working on 3 on my VW bugs. I bought a supped up beatle that he built for his first wife which was unbelievably fast, with a Hurst shiter 2 barrel carburetor and high rise manifold. It had 50's all around huge the highway. I spent many an afternoon with him and Dan at the 10 Ave east Hialeah shop. I kick my self for not staying in touch with him. Last time I saw him he had a shop at Tamiami Airport where Todd Jr. had joined him in business. Great guy and a longtime friend. I will definitely miss him,
